Date 18th July 1974.

Respected Sir,

We are happy to convey to your goodself of our intention to bring out a book on revered Shri Guruji - the late M.S.Golwalkar - who was a great and dedicated national leader and as the Sarasanghachalak of RSS played a vital role in rejuvenating our national life for over three decades.

The book is proposed to contain valuable articles by eminent men in different walks of life, who are witnesses to Shri Guruji's unique life and work and can very ably put forth the striking aspects of his multifaced genius and his role in shaping our national destiny. At the first instance, we hope to bring out the book as a prestigeous Kannada publication.

Sir, as you have had the opportunity of coming in close contact with Shri Guruji, your impressions about him, on any aspect of his personality, will greatly add to enrich the book. As such we earnestly appeal to you to send your valuable article to be included in the proposed volume. As we have planned to release the book in the first week of March 1975, on the occasion of Shri Guruji's birth day celebrations, please despatch your article so as to reach us by the 15th of August 1974 at the latest. The article may be either in English or Hindi and running to about 1500 words, on one side of the paper.

An early line by way of your kind consent will greatly encourage us in our effort.

Thanking you,

Yours sincerely,

(ARKALI NARAYAN)
